

Farm Manager – Beef Cattle

- 2 properties in the Central West Tablelands, NSW
- Base + super + Manager homestead + work vehicle
- Performance based further education, training & relevant conferences

This Angus beef cattle breeding and grazing operation is one of the largest agricultural holdings in the area. It consists of 2 well maintained undulating grazing properties, positioned relatively close to each other totalling 4,000ha and running 1,400 breeding cows. Together they boast productive soils, improved and native pastures, excellent water supply and outstanding fences. The owners want to take the properties to the next level, to become a leading progressive, commercial enterprise.

A skilled and motivated **Farm Manager** is now required to join and work collaboratively with a small professional team including consulting agronomist, livestock advisor and the owners. You will assist in the development of the Farm Plan and then enjoy being responsible for its full implementation. The responsibilities include:

- Implementing a livestock strategy
- Managing a pasture improvement program
- Management of contractors and one stationhand
- Maintaining the farm equipment and infrastructure

To be successful in this “hands on” role you will:

- Have minimum of 5 years practical experience in livestock husbandry, pasture management and herd monitoring (eg as Assistant Manager)
- Be highly organised with strong communication skills, confident in presenting your point of view

You will be open minded, keen to learn, contribute new ideas and work collaboratively as part of a team. A Tertiary qualification in agriculture or related degree would be well regarded. **Driven and passionate about Farm Management, you may be currently working as an Assistant Manager and are ready to take the next step up in contributing to and then implementing plans managing a leading enterprise.**

For further information, please call **Al Kellaway** of **Agricultural Appointments** on **02 9223 9944** or send a covering letter and resume to resume@agri.com.au
