

APPLETREE FEEDLOT

DR & JJ Hemming

FEEDLOT MANAGER

Appletree is a family owned business located 45km south of St George near Nindigully. Whilst the feedlot at this stage has 1000 head, we are currently undergoing an expansion to 5000, which the applicant will oversee and develop over time.

The position of Feedlot Manager offers an opportunity for applicants to demonstrate their skills and abilities as a leader in all Livestock areas.

Responsibilities include (but are not limited to) –

- Overall responsibility for induction processing, health and livestock divisions
- Effective management of animal health and performance
- Efficient and accurate selection of livestock for dispatch
- Analysis, interpretation & timely reporting of statistical data
- Ability to manage expenditure and costing associated with livestock operations
- Operation and ongoing service and maintenance of feedlot equipment
- Ensuring compliance with QA, HR and WHS requirements

Criteria for selection will include (but is not limited to) –

- Demonstrated advanced animal handling
- Sound communication, organisation & interpersonal skills
- Ability to embrace change and convey new concepts within a working environment
- Previous livestock handling and/or feedlot experience
- Previous experience managing and coordinating animal health & performance
- There will also be some general farm work at times

There is housing and a school bus available and remuneration is negotiable.

Applications, including cover letter and resume, should be emailed to Appletree Feedlot -
