Maintenance Fitter

Hilltop Meats, Young

Hilltop Meats offer the delivery of a broad range of high quality products with a commitment to efficiency, value adding and service excellence by a team of dedicated and talented employees.

We currently have a vacancy in our team for a well rounded, professional and experienced Maintenance Fitter at our site located in Young, NSW, offering competitive remuneration.

This role primarily supports the smooth running of our production floors by ensuring all equipment is maintained to the highest standards to avoid unnecessary downtime. Tasks on a daily basis include but are not limited to:

- Effectively respond to production callouts throughout the day ensuring minimal downtime.
- Participate in the maintenance program through SAP that includes preventative maintenance, corrective maintenance, scheduled maintenance..
- Assist in organizing and carrying out all site projects including the installation of new equipment and building improvements.
- Assist with implementing safe operating procedures
- Ensure accurate Asset malfunction and repair data is logged and submitted within a timely manner

Suitable candidates must address the following criteria:

Essential

- Minimum 2 - 3 years experience in similar role
- Relevant Australian Trade certificates
- Reliable with sound organisation skills
- Ability to communicate clearly and confidently at all levels
- Team player and ability to work unsupervised
- TIG welding proficiency
- Strong analytical skills and attention to detail
- Decision making ability, Ability to identify and drive process improvements
- Ability to adhere to Workplace, Health and Safety policies.
- Availability to work rotating shift roster
- Proven Mechanical breakdown and faultfinding skills

Desirable

- Restricted electrical licence
- Previous manufacturing/FMCG industry experience
- Thorough understanding of HACCP & WHS
- Previous experience in modification and improvement on equipment ranging from automated high speed conveyors to processing equipment.

As safety is a company priority, part of the application process will require suitable applicants to undertake pre-employment checks including functional assessment, Q Fever assessment/vaccination and drug & alcohol screen. You will require your own transport and drivers license and be flexible to changing working arrangements.
