

Harvey Beef is Western Australia's largest beef exporter and has state of the art meat processing facilities in the South West town of Harvey employing a workforce in excess of 450. Harvey Beef has embarked on an exciting period of improvement and change within the business. This is a new role for an excellent communicator with strong industry experience and a broad range of mechanical fitting. Our Maintenance and reliability team ensures the availability of plant and equipment to support the production/manufacturing function, as well as providing on-going support to assist in our preventive maintenance processes. We are seeking a trade-qualified Maintenance Fitter and Turner with extensive manufacturing experience to enhance our team.

Key responsibilities includes (not limited to):

- Repairs and Maintenance to the production plant
- Preventative fault finding
- General workshop repairs
- Tig, Mig and Stick welding
- Soldering copper pipe

Skills & Experience required:

- Experience with Hydraulic and pneumatics
- Exposure to food processing systems, especially within the red meat Industry is advantageous
- Exposure to Vacuum Packaging equipment
- Capacity to work in cold conditions (freezers and chillers)
- Understanding of OHS practices and compliance and confined space requirements
- Stainless steel fabrication and installation

Contact
