

APPLETREE FEEDLOT

FEEDLOT MANAGER

Appletree Feedlot is a family owned business, located about 50km south of St George. Whilst the feedlot at this stage only has 2000 head, there are plans to increase that to 5000 which the applicant will oversee and develop overtime.

The position of Feedlot Manager offers an opportunity for applicants to demonstrate their skills and abilities as a leader in all livestock areas.

Responsibilities of this position include (but are not limited to) –

- Overall responsibility for Induction Processing, Health and Livestock divisions
- Operation and ongoing service and maintenance on feedlot equipment
- Efficient and accurate selection of livestock for dispatch
- Analysis, interpretation and timely reporting of statistical data
- Ability to manage expenditure and costing associated with livestock operations
- Effective management of Animal Health and Performance
- Ensuring compliance with QA, HR, WHS requirements.

Criteria for selection will include (but not limited to) –

- Sound communication, organisational and interpersonal skills
- Previous experience managing and coordinating Animal Health & Performance
- Demonstrated advanced animal handling
- Ability to embrace change and convey new concepts within a working environment
- Previous livestock handling and/or feedlot experience
- There will also be some general farm work at times

There is housing and a school bus available – wage is negotiable.

Applications (including a cover letter and resume) should be forwarded to :
