

FEEDLOT STAFF – LIVESTOCK HAND

Gundamain Feedlot is a 6,000 head capacity feedlot, situated near Eugowra in Central NSW. Located on over 10,000 acres, the feedlot also operates a backgrounding operation. Gundamain currently has the following permanent full time position available:

Stockperson: Duties include,

- All aspects of cattle handling from induction of new cattle to dispatch of finished cattle.
- All aspects of animal health management from pen riding and treatments through to post-mortems.
- Data recording and input for all activities.
- Inventory control and stocktaking of all livestock products.
- Cleaning & maintenance of facilities.
- The successful applicant will be required to provide suitably trained stockhorses and appropriate saddlery, for which an allowance will be paid. Up to 2 working horses can be fully maintained on site.

Applicants must have the ability to work as a team, have a sound understanding of and commitment to WH&S and excellent planning and communication skills. Experience with livestock, machinery and general plant maintenance would be an advantage.

Accommodation is available – a three-bedroom house with easy access to town and schools.

Applicants should email a letter of application & resume, including 3 phone referees to: tess_herbert@gundamain.com.au. For further enquiries please phone (02) 68592784.

Applications Close Friday 5 December 2016.
