

# Don't risk limiting your market potential... test for Johne's Disease

To continue trading cattle into Western Australia and the Northern Territory, producers will need to:

- Have a biosecurity plan to manage Johne's disease (JD) by 30th June
- Understand the Johne's Beef Assurance Scoring (J-BAS) system
- Achieve and maintain the specified J-BAS score

**Speak with your veterinarian today about your biosecurity plan.**
