

Diesel Mechanic - Fitter

Stanbroke is a family-owned and operated Australian beef business. We are vertically integrated with extensive cattle properties in Northern Queensland, backgrounding operations in Southern Queensland, state of the art cattle feedlot, fully accredited beef processing facility and global beef marketing capabilities.

A position is available for a qualified Diesel Mechanic/Fitter at our 30,000 head feedlot, located at Chinchilla on the Western Darling Downs. This position is a site based general maintenance role that suits a person who works well in a small team and has excellent all-round mechanical and general maintenance skills.

The successful applicant will be able to demonstrate;

- The ability to undertake maintenance and repairs as required on large fixed and mobile plant and machinery
- The capability to complete regular services and equipment inspections
- Good technical mechanical skills and an ability to fulfill requirements for this role
- The ability to maintain preventative maintenance programs with attention to detail
- Where required undertake fabrication and welding tasks
- Basic auto electrical abilities
- Complete all required record keeping and parts ordering

This position involves working a 10 on / 4 off roster

Accommodation is available on site to the successful applicant, if required.

Applications close 9th of June 2017
