

Cattle Breeding and Farm Operations Overseer

Due to the further expansion of our cattle breeding operations, there is an opportunity to become a part of one of Western Australia's oldest cattle companies.

The property is located in the South East of WA near Esperance, and is focussed on producing high quality Angus and Wagyu cattle for the Domestic and International markets. Spread over 20 000 acres and running over 4000 breeding cows we are focused on continuously improving the genetics and quality of our herd. The company has a strong focus on sustainable farming and ensuring we are following the best farm practices.

The Position: The position is for a Cattle Breeding and Farm Operations Overseer and is located near ESPERANCE, WA. Reporting directly to the Managing Director, the successful applicant will work across the enterprise in:

- General Livestock handling, monitoring and husbandry
- Waters maintenance and monitoring.
- Machinery operation and repairs
- Repairs and maintenance to the property

The Applicant: the successful applicant must have a strong work ethic, good communication skills, be intelligent, honest and reliable and have the ability to work alone and in a team.

The applicant will understand that the nature of agricultural work means that flexibility in work hours is a prerequisite.

The successful applicants will have at least three years prior experience with mustering, handling, drafting and branding cattle.

Applicants must have prior experience and references to show a strong background in animal husbandry and breeding operations, and passion and enthusiasm for agriculture.

Remuneration:

A remuneration package will be negotiated with the successful applicant, commensurate with experience and ability. A comfortable home is available as part of the package.

For a confidential discussion about the position please phone Geoff Pearson 0429 952 290 or apply with resume and references to The Managing Director via email lakepreston@twpearson.com
