

Property Manager (mixed farming)

Experienced Property Manager sought for 10,000 ha family owned broadacre cropping and EU cattle fattening enterprise in the Maranoa region in Southern QLD

Broadly, the tasks and responsibilities of the role include:

- Overall management of the farm and cropping program
- Work closely with the Management Board, advisors and consultants to actively develop and implement on-farm strategies and to deliver optimum returns
- Manage and motivate the team, providing support and training
- Implementation of WHS&E practices and foster a strong health and safety culture
- Administrative tasks

The successful candidate will have:

- Broadacre cropping experience, with mechanical skills highly regarded.
- Experience in cattle fattening and animal husbandry
- High level of self-motivation and a willingness to learn and adopt new practices
- Strong managerial and administrative skills
- Relevant tertiary qualifications will be looked upon favourably

A family home with swimming pool and an attractive remuneration package based on experience will be offered.

Please contact John O'Kane for a full Position Description. All applications to include a CV and cover letter.
