

HORTICULTURAL MANAGER

Salary range \$100,000 – \$110,000 pa + super

The Minderoo Group established Harvest Road based on our belief in Australia's ability to supply sustainable, high quality and ethically grown agri-food products. Harvest Road is currently the largest integrated beef producer and processor in Western Australia supplying major supermarkets and over 40 export markets.

Harvest Road is seeking an experienced Horticulture Manager with an appreciation for rural and remote living to join our team based at Minderoo Station, located on the Ashburton River near Onslow. Minderoo Station is a greenfields horticultural site with existing centre pivot irrigation and expansion of an area of drip irrigation. The vision is to produce a range of fruit & vegetable crops that can be grown in conjunction with fodder crops.

Key Responsibilities will include:

- managing the horticultural operations to gain the highest yield and quality
- managing the on-farm team, plus seasonal labour and contractors.
- growing, harvesting and packing operations across both horticulture and fodder production arms
- planning and coordinating equipment and resources as required
- maintaining and evaluating records of farming activities, monitoring market activity, and planning crop preparation and production to meet market demand
- financial reporting to ensure the integrity of the budget process
- adherence to quality management requirements
- ensuring a commitment to OH&S principles in the workplace

The Person:

- extensive experience in vegetable and fodder production
- experience managing a team to deliver results in a high pressure environment
- excellent communication skills
- strong commercial acumen

This role provides an excellent opportunity to work autonomously on a greenfields project while having access to high quality technical backup within business.
