

Experienced Cattle Buyer

Join the team at Greenham

We are looking for an experienced buyer to procure cattle for our abattoirs in Victoria and Tasmania. This is a new position.

Greenham purchases all types of cattle including manufacturing, beef cows, high quality MSA grass fed yearlings, Jap ox and organic. Our buyers work directly with farmers either at the farm gate or through a network of live weight buying centres.

The company supplies high quality beef products to both the domestic market and internationally, exporting to fifteen countries under the renowned Cape Grim Beef, Pure Black Angus and Greenham brands. An understanding and working knowledge of MSA, QA and natural beef supply chain programs will be a distinct advantage.

Apart from a good eye for cattle of all types and demonstrated buying experience, excellent people skills are required. As part of our buying team you will be expected to maintain and foster the strong relationships we enjoy with our farmer supply network and agencies.

The Greenham group of companies is 100% Australian owned and operated. Its ongoing success is based on a reputation for straight dealing at all levels. The successful candidate will need to share these values.

Excellent wages and conditions are on offer. The Greenham buying team works largely off-site.

All enquiries should be directed to Bernie Tinning on 03 5859 0912

Applications should be addressed to:

Graeme Pretty, HW Greenham & Sons
Po Box 111
Tongala VIC 3621
