About us

Australian Country Choice (ACC), together with Australian Cattle and Beef Holdings (ACBH) are proud industry leaders in producing and supplying highest quality beef products to the local and export markets. We employ over 1300 Queenslanders and together our diverse operation processes 300000 head of cattle across our large-scale breeding, backgrounding and feedlot operations through to our modern meat processing and packaging facility.

This, together with being 100% Australian and family owned and operated means you really do get the best of both worlds. You get the opportunity and security that comes with a progressive corporate pastoral operation who continue to grow, develop and innovate, along with the support and personal interest that comes with being part of a family business. We're solid, we're progressive and we continue to invest in our infrastructure, our technology and our people.

About you

You're experienced in your field, you take pride in what you do and, you do it well. You thrive working hard and having fun while you're at it. You're seeking a rural and remote working life that offers balance, challenge and personal reward. You share our passion for cattle. You're totally committed to working safely, looking after your team and ensuring the health and welfare of our animals. If this sounds like you...then we'll get along just fine.

The Roles

Some positions start asap and some start in the new year and are available across our large-scale breeding, backgrounding, broad acre farming, feedmill and feedlot operations throughout Queensland. Some locations are more remote than others, around Mt Isa, Julia Creek and Mackay in the North and North west, and then there's Roma, Augathella and Cecil Plains in South east & South west just to name a few.

Apply now

Make your next move your best yet. Apply now to join the ACC Group and broaden your skills, your agribusiness knowledge and experience with an Australian and family owned, industry leader. You'll enjoy a great team environment, ongoing learning, diverse career opportunities, comfortable living conditions and staff facilities plus competitive wages.
