

Avondale Ag is looking to employ a full-time employee to join our Avondale Feedlot team near Moree, NSW. We are a family owned mixed farming enterprise and our feedlot makes up just part of our dryland and irrigation property.

The successful applicant will be honest, hardworking and be prepared to work within a tight knit team environment, reporting directly to the Feedlot Manager.

Essential Experience:

- \*previous experience with cattle handling and a genuine interest in livestock handling.
- \*some machinery experience including driving tractors, loaders and other large machinery.
- \*some machinery maintenance experience.
- \*some welding capacity
- \*some computer literacy skills as well as effective communication skills.
- \*ability to protect your own safety and also the safety and health of your peers

Desirable Experience:

- \*previous feedlot experience will be highly regarded
- \*Previous welding/fabrication or mechanical experience will be highly regarded

Above award wages will be paid commensurate with experience and all types of suitable accommodation is available close to the bitumen and school bus run.
