

MANAGER

Magowra Station QLD

A great opportunity for someone who has the passion and experience to work on a cattle property managing the station and its assets. This position is suitable for married/partners.

Our Magowra Station is located in Queensland's Gulf Country near Normanton. The station is a breeding property producing turn-off stock for internal company movements and external markets.

The successful applicant will have the required experience, be self-motivated, disciplined and be able to demonstrate the following:

- ✓ Sound knowledge and experience in beef property management
- ✓ Strong team leadership and effective communication skills
- ✓ Ability to work in a company structure including reporting.
- ✓ Good business and budget analysis with computer skills
- ✓ Be a hands-on Manager with good staff management skills
- ✓ Workplace Health and Safety management

Preferable experience:

- Large scale breeder management
- All aspects of bore and machinery maintenance/application
- Improvement programme management
- MC licence
- Firearms licence

A good remuneration package will be offered based on experience. Applications close on 29 January 2018. Applications should include a covering letter with resume and emailed to recruitment@westerngrazing.com.au
