

Mill Operator

Performance Feeds is a privately owned business that specialises in manufacturing feed supplements for livestock. Based in Kingsthorpe, Qld, we are offering an opportunity to join our team. A mature and flexible attitude is required together with the ability to work in a close knit team in a busy environment. You will be trained in all aspects of the job requirements. Ideally, (but not essential) you will have had previous stockfeed milling or agricultural experience and possess mechanical aptitude.

Responsibilities include:

- Ensure that all manufacturing equipment and machinery is operated to stated procedures and standards.
- Manufacture products to internal and externally audited quality standards. Feed Safe, HACCP and ISO.
- Responsible for the equipment and area which has been assigned for work.
- Assist in plant and equipment hygiene and maintenance programs.
- Ensure company Health & Safety standards followed.

The Individual:

- Must have a "can do" attitude with flexibility.
- Be reliable and perform duties in a workmanship like manner.
- Share in the responsibility of the overall site.
- Participate in relevant training and skill development.
- Has a compliant Forklift License.
- Ensure the business cultural and quality standards are maintained at a high level.

You need to be flexible with hours as rotating shifts are in place and overtime is required. The position is an immediate start and permanent position. (Probation period is 3 months)
Award rate of pay applies and o/time is available.

Only written applications will be considered.

Attention application to: Performance Feeds
