

ASSESSMENT OFFICERS

- Rural & regional financial assistance programs
- 2 career-development roles
- Make a difference

The Queensland Rural & Industry Development Authority (QRIDA) specialises in the administration of government financial assistance and legislative programs, with their purpose being to assist in creating sustainable rural communities. This includes the administration of the [Primary Industry Productivity Enhancement Scheme \(First Start & Sustainability Loans\)](#) and the Farm Business Debt Mediation Program, assisting farmers in financial distress with business decisions for their primary production enterprises. They also deliver other financial assistance programs and services on behalf of state, territory and federal governments.

QRIDA now have two newly-created positions available for Assessment Officers to assist with the financial analysis and processing of applications for [loan and grant](#) programs administered by QRIDA, including a new program to be commenced shortly. This will include the extraction and analysis of financial statements to assist in determining applicant eligibility for loan schemes, communicating effectively internally and externally, including with loan applicants, accountants and solicitors. As a valued member of the Program Strategy & Delivery business unit, you will also be able to contribute more broadly to the Unit's programs.

We are keen to hear from you if you possess:

- Tertiary qualifications in Agribusiness, Accounting, Economics or similar
- Direct exposure to rural and small business operations
- Commercial/agribusiness lending/accounting experience
- Empathy with rural and regional Australia
- Experience in compiling credit applications

These are great positions if you are committed to the future of rural Australia and are looking to develop your career in finance, without the pressure of sales. You will also have a real career path with strong support (which may include assistance with further education), working within a very strong team culture.
