

Feed Systems Manager

ANZCO Foods Limited is one of New Zealand's largest exporters employing over 3,000 staff worldwide. A dynamic, multinational group of companies, the company's core purpose is to procure, process and market New Zealand beef and lamb products to the world.

Five Star Beef, owned by ANZCO Foods, is based near Ashburton and is the only large scale commercial cattle feedlot in New Zealand producing high quality grain finished beef.

We are looking for a Feed Systems Manager with the capability of implementing strategies and programmes to secure, store, and prepare the required feeds over 40,000 cattle per annum.

Reporting to the Feedlot Manager, your key responsibilities will include:

- Strategic planning, budgeting and pricing of feed commodities
- Maintenance and development of procurement strategies and supply programmes
- Feed delivery logistics
- Sale and distribution of waste product
- Feed storage and preparation within the feedlot
- Quality systems and audits
- Provide assistance in feedlot management where required

To be successful you will have:

- Experience in the agricultural industry and preferably involvement in farmer supply relationships
- The ability to implement procurement strategies in conjunction with the feedlot requirements
- A proven ability to develop relationships with suppliers, other stakeholders and company personnel
- Excellent communication and organisational skills and the ability to manage people
- A willingness to work, learn and develop within an intensive large scale agricultural environment

For the right person, there is potential for management progression. We are committed to supporting and developing our people and we offer a competitive remuneration package. If you are motivated, have the skills and experience we require and want to be part of the exciting future of our company then we want to hear from you.

For further information please contact Iain Inglis, Feedlot Manager on 027 444 9467.
