KAPCO

Kimberley Cattle Station Manager

- **Unique opportunity for an experienced station manager**
- **Competitive salary and benefits**
- **3-year contract, position available for immediate start**

The Indigenous-owned Kimberley Agriculture and Pastoral Company (KAPCO) is the management company for Bohemia Downs, Mt. Anderson and Frazier Downs stations and will shortly take control of Myroodah Station. KAPCO is seeking a motivated and hard-working person to run an 18,000-head operation, primarily for live export, over approximately 400,000 square kilometers on Myroodah. The successful candidate would be responsible for implementing and monitoring the station management plan and budget as endorsed by the KAPCO board. They would lead and direct the station operations and contribute to group strategic planning including an overview of all KAPCO group operations.

Selection criteria:
1. Proven knowledge of cattle husbandry, herd management, animal handling and treatment including compliance and regulations
2. Ability to develop and manage station business and operational plans including annual maintenance and capital improvements programmes
3. Sound understanding of financial and budgeting processes and reporting
4. Commitment to apply and manage health and safety policies, procedures and systems
5. Ability to lead, manage and develop an engaged team
6. Commitment to Aboriginal employment strategies
7. Ability to develop and manage environmental and natural resource programs
8. Computer literacy

Salary and benefits:
- A generous six-figure salary package including:
  - Full use of the company vehicle for work and reasonable personal use
  - Accommodation at Myroodah, including power and water
  - 5 weeks annual leave during wet season
  - Reasonable use of the company telephone and mobile phone for personal use

Applications close 1st May, 2018

Please send a CV and a cover letter addressing the selection criteria to Christine Robinson: admin-legal@armalegal.com.au or call Christine 0891928782 for further information.
