

General Manager Farm Operations

- National Role
- Reporting to the CEO
- Opportunity to be based in Melbourne but flexible location

Hassad Australia, a leading Australian agribusiness company is recruiting 'GM of Farm Operations' to join the team.

The key function of the role is to drive economic efficiency through the provision of exemplary leadership and support to the farm operations. Specifically, the position will be responsible for overseeing 9 large scale farms across three states while simultaneously garnering support of key stakeholders including the Board of Directors, CEO, CFO, CCO, HR, WHSAW and Marketing support teams.

The successful candidate will have:

- Prior experience in a leadership role of similar scale, ideally with a livestock focus;
- Tertiary qualifications within Agricultural sciences, Farm Management or similar;
- 10+ years plus of hands-on experience in direct agricultural production;
- In depth understanding of efficient cropping and livestock management systems

To apply for the role, submit your resume and cover letter to hr.au@hassad.com.au

or alternatively call Human Resources on 0458 739 841.

Applications will close 4 May 2018.
