

Quality Assurance Supervisor

Greenham Tasmania is currently seeking a suitably experienced and motivated Quality Assurance Supervisor for work at our Smithton facility.

100% Australian owned, Greenham has grown to become a significant player in the Australian meat processing industry with leading beef brands sold both domestically and exported to fifteen countries. The company has built a reputation on product quality, underpinned by an ethos of quality management and practices. This role is a great opportunity to join a dynamic organisation that offers an exciting work environment.

RESPONSIBILITIES:

The Quality Assurance Supervisor will be directly responsible to the plant Quality Assurance Manager

Day to day quality assurance monitoring in line with the Company's Approved Arrangement

Initiate corrective and preventive action where required

Undertake internal auditing as required

Ensure product meets all required hygiene, Aus-Meat export and domestic regulations

Adhering to, and upholding company policies and procedures

CRITERIA:

Previous experience in beef slaughtering and boning systems is essential

Aus-meat and MSA qualification is desirable

Excellent computer skills

Ability to work as part of the team and individually

Attention to detail

Suitable applicants are required to pass a full employment medical and drug testing prior to induction

The company is committed to innovation and offers training that will benefit both the company and its employees.
