

PALGROVE

Palgrove is one of Australia's leading suppliers of Charolais and Ultrablack beef cattle genetics and is currently expanding its operation to include large scale commercial cattle production.

An opportunity exists for a motivated, experienced and well organised **Property Manager** to join our dynamic team at our flagship New England property. This role requires at least five years' experience in a management position overseeing beef seedstock production, pasture management and coordinating a team of employees.

Reporting to the Operations Manager, this is a key role in Palgrove's operations and involves:

- Operational property planning
- Cattle husbandry management
- Responsibility for WH & S
- Collecting and managing data within the stud recording system
- Developing and implementing pasture and infrastructure development plans
- Budget planning and reporting

You will have capacity and experience in the following areas:

- Broad knowledge of intensive grazing operations and pastures
- Ability to lead a high performing team
- Sound computer skills
- Strong communication and interpersonal skills
- Workplace safety and employee wellbeing
- Accuracy & attention to detail
- AI competency and HR truck licence would be an advantage

A generous salary package will be offered in recognition of the responsibility associated with this senior management position. An attractive 5BR house is available on property with primary and secondary school bus nearby.

Palgrove's expanding beef enterprise offers the opportunity to advance your career with an industry leader offering long term job security and advancement.

Please email applications, detailing experience, and references to:

General Manager: bondfield@palgrove.com.au

Applications close **25th June**.
