The supply of stock reduced to less than half of the previous week's level to 4,329 head. Overall quality was generally good and cattle were drawn from a wide area of the state. A fair panel of buyers covering all classes was present and operating. Light falls of rain in places lifted buyer enthusiasm and prices on light weight yearling steers averaged 6c/kg better. Medium weight yearling steers to feed for the domestic market lifted prices by 4c/kg on top of the improvements of the previous week. Heavy weight yearling steers to feed received only a small lift in price. Most of the yearling heifers experienced price improvements of 3c to 4c/kg and more in places. The mixed quality line-up of cows sold to within a few cents either way the previous week.

Mixed sex calves averaged 241c and made to 248.2c/kg. Light weight yearling steers returning to the paddock made to a top 296.2c with a fair sample averaging close to 282c/kg. Yearling steers in the 280-330kg range sold around 278c with some to 292.2c/kg. Medium weight yearling steers to feed averaged 280c and made to 294.2c/kg. Heavy weight yearling steers over 400kg to feed averaged in the mid-270c/kg and made to 282.2c/kg. A good sample of light weight yearling heifers averaged 251c and made to 266.2c/kg. The largest numbers of yearling heifers in the 280-330kg range sold around 257c with some to 274.2c/kg. Medium weight yearling heifers to feed reached 278.2c to average 253c/kg.

Medium weight poor condition cows returned to the paddock at an average of 170c while the 2 scores to processors averaged 176c/kg. Good heavy cows made to 217.2c to average 212c/kg. Heavy bulls made to 244.2c/kg.
