

Livestock Manager

Wodonga Abattoir is a large Meat Processing Facility based in Wodonga, Victoria. The Abattoir processes cattle, sheep, goat and lamb for overseas markets. We are seeking expressions of interest for a Livestock Manager.

Duties would include:

- General stock team duties (at a senior level) including stock receivals, yarding and general stock movements.
- Coordinate training to stock team members, including conducting competency assessments and identifying individual and team training requirements.
- Completing all documentation relevant to livestock traceability and Quality Assurance programs.
- Liaise with Transport companies, Farmers and Livestock agents.
- Coordinate and plan team rosters.

Previous experience in the Abattoir and/or livestock agency industry is not required but would be an advantage.

If you fit the criteria of this position then we invite you to apply, please submit your application, and resume, to –

The HR/OHS Manager Att: Rod Scarvell at r.scarvell@wodrend.com.au
