

AREA MANAGER

Central Queensland

Allied Beef is Australia's Premium Beef Cattle Partner managing, marketing and producing beef cattle. An opportunity currently exists for an Area Manager to join the team based in Central Queensland. Company currently has Area Managers in Northern, Western and Southern Queensland.

The position would ideally suit a highly motivated individual with a background that encompasses the sales, marketing and production of cattle. The role includes the servicing and sourcing of clients and ensuring the business is adding value to clients through the provision of quality market and production solutions. The company operates in all the major beef cattle segments including grain fed, live export, grass fed and breeder markets in New South Wales and Queensland.

The applicant should be self-motivated and have;

- ability to work independently;
- experience in cattle marketing, sales, buying and negotiating;
- excellent organisational and communication skills;
- knowledge of cattle production systems and;
- proven leadership and customer relationship qualities;

A performance-based partnership arrangement will be negotiated with the successful applicant.
