

## Position Description

### Livestock and Feeding Team Members

Allied Beef is Australia's Premium Beef Cattle Partner, managing, producing and marketing Australia's finest beef cattle. The company operates in Queensland, New South Wales and Victoria from a head office located in Toowoomba. The company is seeking the services of both Livestock and Feeding personnel to join a new team at the company's Springsure Feedlot, Central Queensland. The feedlot produces all cattle types being fed between 70 and 300 days suited to selected company markets.

#### Livestock Team

The role involves all cattle management activities including animal health, drafting, induction, pen riding and assisting with the general operations of the feedlot. The role will form part of a small new team which will develop new systems and processes to ensure the efficient and effective operation of the feedlot. A focus on Quality Assurance and Best practice at the feedlot will ensure new team members have scope for professional development.

#### Feedmill/Feeder Team

The role involves milling, commodity handling and feeding and is suited to a self-motivated person seeking to join a progressive operation. The successful candidate will have good communication and organizational skills and have basic computer skills. The role will form part of a small new team which will develop new systems and processes to ensure the efficient and effective operation of the feedlot. A focus on Quality Assurance and Best practice at the feedlot will ensure new team members have scope for professional development

Wages matched with skills and experience will be offered to the successful applicants.
