

STATION MANAGER

Wave Hill Station NT

A great opportunity for someone who has the passion and experience to work and manage a renowned Northern Territory cattle station. This position is suitable for married/partners.

Wave Hill Station is located 400kms south of Katherine in the Victoria River District of the Northern Territory. The station is a breeding operation producing turn-off stock for live shippers and domestic markets.

The successful applicant will have the required experience, be self-motivated, disciplined and be able to demonstrate the following:

- ✓ Sound knowledge and experience in beef property management
- ✓ Strong team leadership and effective communication skills
- ✓ Ability to work in a company structure including reporting.
- ✓ Good business and budget analysis with computer skills
- ✓ Be a hands-on Manager with good staff management skills
- ✓ Workplace Health and Safety management
- ✓ Firearms licence is required

Preferable experience:

- Experience with live shipment trade an advantage
- Large scale breeder management
- All aspects of bore and machinery maintenance/application
- Improvement programme management
- MC licence

A tertiary qualification in agriculture would be an advantage. A good remuneration package will be offered based on experience. Applications should include a covering letter along with resume and emailed to recruitment@westerngrazing.com.au. The closing date for this position is 12/10/2018.
