

Saleyards Manager

Our Client

Our client is a regional Shire Council situated in the Central West are of New South Wales, in the heart of a thriving and productive agricultural region that offers tremendous livestock production opportunities. The Council owns and operates a recently upgraded state-of-the-art livestock exchange facility and saleyards operation that is predominantly focused on the sale of cattle, sheep and pigs. This facility is one of the largest and most modern in the State, with further significant capital upgrades planned over the next few years.

The Role

This person will be responsible for the overall management and saleyards operations of the livestock exchange facility, and will be responsible for the engagement of all key stakeholders, maintenance, supply chain management and the oversight of the ongoing infrastructure upgrades. The role is complex and will require a person with a unique skill set of economic, financial and business acumen combined with high-level and demonstrated operational and stakeholder management skills and experience. The role will also have oversight in the expansion, business development and economic development of the Livestock Exchange into the future.

Person Requirements

- Tertiary qualifications in agricultural or business management, or equivalent
- At least five years' experience in a senior management role with the livestock industry, preferably with skills and experience in livestock exchange operations
- Demonstrated experience of high-level stakeholder engagement in the agricultural industry
- Understanding of procurement, budgeting and financial management
- Strong track record and demonstrated proficiency in project management, risk management and WHS
- Valid driver's licence and NSW weapons licence (or able to gain)
- Knowledge of the local government sector and an understanding of legislation of livestock and operational facilities management is desirable

Remuneration

An excellent remuneration package is on offer to attract the right person for this crucial role, including salary, superannuation, car leaseback, computer and phone.
