

Hancock Agriculture is seeking a full-time, experienced **Diesel Mechanic for Liveringa Station**, located in the West Kimberley Region of WA.

As a mixed farming, lot feeding and livestock production enterprise, the supporting infrastructure is varied and extensive, including heavy earthmoving equipment, small and large tractors, hay making and farming implements, Landcruiser's, Prime Movers, body trucks, telehandlers, generators and numerous small engine machines.

**Reporting to the Station Manager, your key roles & responsibilities will include:**

- Establishing & managing the maintenance program for all station vehicles, plant & machinery
- Implementing the program & carrying out the maintenance as required in our large, well equipped workshop
- Managing the spare parts inventory – including ordering of specialised parts & equipment as required
- Maintaining an efficient & safe workshop at all times

**The successful candidate for this role will:**

- Be honest & reliable
- Be self-motivated, capable & confident in your ability
- Be a fully qualified & experienced mechanic
- Have a current drivers licence
- Have excellent communication skills and eligible to work in Australia

An attractive package inclusive of meals and accommodation will be offered to the successful applicant, with remuneration commensurate with experience.
