

**Beef Production Manager \* Cattle Team Supervisor \* Feed Team Operations\***

Do you have a passion for agriculture, specifically the care and welfare of cattle and being part of career oriented, rural based team? If so, we would like to hear from you.

Kylagh Cattle Company is a long established and well known WA Cattle business based 170kms east of Perth. This diversified livestock and cropping business operates Kylagh Feedlot, grazing and cropping properties and an expanding breeding herd. Kylagh Cattle is entering an exciting development phase and requires an energetic and dynamic team to execute our growth plan.

Our most important asset is the people that work within our business units. Kylagh Cattle creates and promotes genuine career pathways by strong recruiting and personal development programmes that recognises your aspirations and works with you to achieve these.

We currently have positions from Supervisor to Trainee levels including Beef Production Manager, Cattle Team Supervisor, Feed Team Assistant, and Breeding Herd & Grazing Supervisor.

Kylagh Cattle provides excellent working conditions including competitive salaries, reasonable rosters and accommodation assistance. We look forward to sharing more detail on the above roles when you contact us.
