

Detailed saleyard report - cattle

Market information provided by MLA's National Livestock Reporting Service

Roma Store

report date 23 Oct 2018

Yarding Change 8500
4444

comparison date 16/10/2018

Cattle numbers rose sharply by 4,444 head to 8,500 at the Roma Store Sale. Cattle were drawn from across Queensland. The usual panel of buyers was present and operating. Recent rain events have remained patchy across the supply area resulting in large runs of cattle yarded particularly from Western Queensland. The yarding was dominated by young cattle of mixed quality. Demand for quality cattle was strong across all categories but overall the yarding was of a reduced quality. Yearling steers experienced quality related price reductions across most categories. However, yearling heifers under 200kg were up by 16c/kg. Yearling heifers to background or feed under 280kg were also up by 17c, while yearling heifers to domestic feed rose by 26c/kg. Grown steers and heifers were present in limited numbers and saw only quality related price changes. Cows were also present in reduced numbers and medium weights were up by 8c to 20c, while heavy weight cows rose by 17c/kg.

A good sample of light weight yearling steers to restockers sold to 336.2c to average of 311c, while a good sample of light weight yearling steers under 280kg to restockers sold to 330.2c, to average 310c/kg. Medium weight yearling steers to feed for the domestic market generally sold to 330.2, to average 310c/kg. Light weight yearling heifers to restockers sold to 288.2c to average 268c, while a large sample of light weight heifers under 280kg to restockers sold to 292.2c, to average 277c/kg. A fair sample of medium weight heifers to feed sold to a top of 298.2c, to average 282c/kg.

Medium weight 3 score cows sold to 265.2c to average 254c, while heavy weight 3 score cows sold to a top of 276.2c, to average 270c/kg.
