

Assistant Station Manager

Our business has an exciting opportunity for an experienced and highly motivated Assistant Station Manager to join our team assisting in the management of a large breeding operation in the Georgetown region, Queensland.

Reporting to the Station Manager, the candidate will be responsible for assisting with the day to day operational management of the property to achieve maximum sustainable production and profitability.

To be successful in this position, the candidate will need to demonstrate the following; a minimum of 2 years in a similar position (will be advantageous), be a self-starter with ability to work to deadlines and have strong organisational capability. The candidate will have a sound knowledge of general property and plant maintenance. A genuine interest in livestock welfare and animal performance along with low stress handling skills will also be essential. Clean and tidy living habits are also a requirement.

An attractive salary package will be negotiated with the successful candidate based on experience and qualifications. Working dogs are not permitted. Comfortable housing will be provided.

Please apply for this position by emailing a cover letter and resume to careers@gunnagri.com
