

Overseer Position

We have a position available as an overseer on our farms at Mungindi.

The successful applicant would have a strong knowledge of modern farming practises and machinery as well as a sound cattle background.

Tonkin Farming encompasses:

- . Dryland farming across several farms
- . Breeder and backgrounder cattle operation
- . Continual farm development
- . 2000 head licensed feedlot under construction

The successful applicant would be required to:

- . Be involved in all aspects of Tonkin Farming cropping and cattle operations
- . Supervise staff and contractors
- . Operate and service machinery
- . Oversee farm development
- . Oversee the final stages of construction of the feedlot

Above award salary is available for the right applicant, along with a well maintained homestead close to Mungindi in established gardens. Power is also supplied along with a work vehicle.
