

HEYTESBURY
CATTLE CO.

Assistant Manager

Flora Valley Station

Heytesbury Cattle Company is a large Australian cattle producer, with over 170,000 head on approximately 25,000km² across the Northern Territory and eastern Kimberley region of WA, employing over 80 people.

This position is located at Flora Valley Station, the property includes Nicholson Outstation and combined, carries approximately 18,000 breeders with a total herd over 42,000 head, covering 8,200km²

We are currently seeking an Assistant Manager, who will report to the Station Manager. The successful applicant will have previous experience in a similar role or experience as a Senior Head Stockman, with involvement in a large scale breeder operation. You will need to be self-motivated with a strong work ethic, communicate well and be a team player. Having a high level of leadership is essential in directing, motivating and training staff including the Head Stockman to carry out the day to day activities, including herd management, animal husbandry, fencing, infrastructure maintenance, and capital works, weed and pest management, while also being across the operations at Nicholson Outstation.

Strong attention to detail and accuracy in recording data, a high level of cattle and horse handling skills, along with a focus on safety in the workplace is essential. The ability to pretest would be highly regarded.

This is a hands-on role which will see you out in the yards as well as attending to office duties.

Offering a competitive salary and career opportunities, this position would suit a working couple or an individual with experience in the industry.
