

THE BUSINESS

Hilltop Meats is owned and operated by the BE Campbell Group. Established in 1969, the business has grown to be one of Australia's largest privately owned meat operations. The company operates three processing sites including a pork de-boning facility, a case ready facility and an abattoir. The business serves a wide variety of markets including supermarket, retail, distributor, manufacturing and export.

THE ROLE **Head Stockman**

Reporting to the Livestock Buyer, this position is responsible for facilitating the onsite welfare and movements of cattle from unload through to penning up for slaughter, and associated documentation.

Duties include but are not limited to:

- Ensure Livestock are handled in line with current Australian Animal Welfare Standards
- Manage livestock planner daily activities ensuring all planning and administration tasks are completed
- Manage stockman daily activities ensuring all stockman tasks are completed
- Ensuring compliance with Good Manufacturing Practices (GMP) and Good Hygiene Practices (GHP) are maintained

THE CANDIDATE

- Animal Welfare accredited
- Minimum 5 years experience in a similar role/industry
- Sound organisational skills
- Ability to communicate confidently at all levels
- Proficient skills within all Microsoft Appliances
- Attention to detail
- Strong analytical skills
- Decision making ability
- Ability to identify and drive opportunities
- Forklift Licence

In return you will work for a reputable Australian owned and operated company that pride themselves in training and developing from within.
