

Farm Positions

Cunningham Cattle Company has an exciting opportunity for two fulltime experienced and highly motivated Farming Operators to join our team at Goodar Station in southern Queensland. The property is 18,000ha and operates as a mixed cattle/cropping enterprise.

Reporting to the Property Manager, the candidates will be responsible for executing the farming activities of the Dry Land Broadacre and forage cropping on the property with approximately 4,000 hectares currently farmed. The successful candidates will also aid in the planning and implementation of improved pasture development and ongoing development of future cropping areas.

The positions we have available are;

- Senior Farming Operator
- Tractor/Farming Operator

Both positions will require a hands-on approach and will include all aspects of the farming operations. All activities will need to be carried out in a timely manner and to a high standard.

The Senior Farming Operator will have experience in performing and overseeing all aspects of broad acre cropping including chemical spraying and grain handling. They will be able to demonstrate sound machinery operations coupled with strong mechanical understanding and supervisory skills. A current chemical user's certificate, and driver's licence are essential for both positions.

Remuneration will be negotiated with the successful candidates based on experience and qualifications. Housing will be included within the remuneration package. Local schooling is available.

Please apply for these positions by emailing a cover letter stating the preferred position and resume to careers@gunnagri.com
