AND SPELLING YARDS

Livestock Supervisor and Mill Hand Positions Available

Roma Feedlot is a 4000 head capacity Feedlot, located near Roma Qld

We are currently looking for 2 new team members, a livestock supervisor and a mill hand to join our small team, both fulltime positions working on a 10 day on 4 day off roster.

Livestock Supervisor

Required experience; livestock staff supervision. All aspects of cattle management, from receipt to dispatch. Ability to run an induction and hospital treatments as required. Daily pen riding. Responsibility will also include cleaning and maintenance of stock facilities.

Must be computer literate and have had extensive experience with Stock ID.

The person we are looking for will have meticulous attention to detail and have a passion for feed lotting, the ability to handle stock in a quiet and calm manner.

The successful applicant will need to provide a suitable horse and saddlery for the position which will be maintained by the feedlot. Single staff accommodation is available on site.

Mill Hand

Required experience; Must be able to drive a feed truck and tow behind mixer, loader, dump truck and water truck and must be computer literate. Some mechanical and welding experience would be highly regarded for this position.

Responsibilities will include daily feeding of cattle, cleaning and maintenance of the mill. Bunk cleaning and water troughs if required, restocking of commodities and cleaning of feed shed equipment and watering roads.

The successful applicant will need to be a team player and have the ability to work to time frames in an efficient and ordered manner, you will need to be energetic and have exceptional attention to detail and be supportive of our OH&S and QA standards.

Single staff accommodation is available on site

Applications should include a cover letter and Resume including 3 phone references to the Manager Roma Feedlot E-Mail: admin@romafeedlot.com.au
