

HANCOCK AGRICULTURE

LIVERINGA, WA | MULTIPLE OPPORTUNITIES

Liveringa Station is located 110km South East of Derby in Western Australia, and only 2.5hrs drive from the coastal town of Broome. The Fitzroy River runs along the southern boundary of the property, plentiful with Barra.

Liveringa offers progressive opportunities to grow within the industry through its abundant versatility within the feedlot, pivot irrigation and commercial beef herd, where low stress stock-handling and horsemanship skills are a prime focus. Liveringa prides itself on teamwork and community, where rewarding careers can evolve.

We are seeking applicants for the below roles commencing in March:

Diesel Mechanic - Establish and maintain the maintenance program for all station vehicles, plant & machinery; implement the program & carry out the maintenance required; manage the spare parts inventory, including ordering of parts & equipment as required.

Farm Hand - Operate cropping machinery including tractor and hay and silage machinery. Previous irrigation experience preferred.

Feedlot Operator - Operate the feed mixer and machinery including tractor and loader. Monitor/assess cattle health and well-being.

Station Hand - Muster cattle using horses and bikes; attend to all facets of cattle processing; attend to general property maintenance and repair.

MC Road Train Driver - Transport cattle; cart hay and machinery.

To apply, please email your current resume to hr@hancockagriculture.com.au stating the position you are applying for and quoting reference **BC-LIV-VAR-2019**.

Please note: You must have the right to live and work in Australia to apply for these positions.
