

Feeding Operations Manager

- Are you passionate about cattle and have a keen interest in their nutrition and wellbeing?
- Do you enjoy working with machinery and ensuring the highest level of operational and safety performance?
- Do you enjoy interacting with a wide range of people and leading a team in a hands-on environment?
- Do you seek a challenging role where you will be able to drive continual improvement in operational efficiencies and cattle feeding performance?
- Do you want to build a career with a progressive company that actively promotes a positive culture and values and rewards staff contribution?

If this sounds like you then Peechelba Beef may have a senior management role for you!

Peechelba Beef is a 27,000 head licensed beef feedlot operating in a central location in North East Victoria. As part of the ICM Agribusiness group, the feedlot is focused on providing high level custom feeding services for a range of domestic and long fed markets. Currently undergoing an extensive CAPEX program, feeding operations at Peechelba Beef are being upgraded to embrace modern technologies and equipment. The recent commissioning of a brand-new feed mill facility was the first key step in that process.

We seek an exceptional, hardworking individual who thrives on a challenge to join our team and help to take our business to a new level of operational performance and efficiency. With strong support from the General Manager, you will be responsible for the management of up to 15 team members in performing all daily commodity and feeding functions. This includes staff management and training, management of feeding plant and equipment, management of all commodities including scheduling, storage and use, direct feeding functions including bunk calling and feed allocation and financial functions including stocktaking and monthly processing.

As a person of high integrity, commitment and dedication, you will become a key member of our small management team that works together to drive continual improvement across all aspects of the business. With likely expansion of this role in the future, you will be willing to adapt and develop into the role as the operation transitions into a new era of feeding performance and efficiency.

If this sounds like you, please don't hesitate to submit your application including your Resume and 3 phone referees to bdaly@icm.com.au.

If you wish to discuss this position in more detail, please feel free to **contact the General Manager on 0418 364 133**.

An attractive remuneration package will be negotiated with the successful applicant and includes access to company vehicle and accommodation if required.

We are looking forward to hearing from you!
