

STATION MANAGER, TOBERMOREY STATION

Based at Tobermorey Station (approx. 280kms south west of Mt Isa & 250kms west of Boulia). The role is responsible for organising and coordinating day to day running of a large cattle station and requires an ability to manage staff with professionalism & respect in order to lead an effective and productive team. This position is for a mature, experienced & highly capable couple that can handle a high level of responsibility.

Duties & Responsibilities

- Ensuring the highest standards of welfare for a herd of approx. 10,000 head of Santa Cross breeder cows in addition to any other livestock on the station, at all times.
- Managing all aspects of the daily running of the station – including development of water infrastructure & input into the station's mustering program.
- Supervision of all staff & any contractors on the station including caravan park & fuel stop with small store. Partner expected to manage store/caravan park/fuel and in busy Grey Nomad season employ staff for help in cleaning amenities block, watering gardens & serving tourists.
- Ensuring all station machinery & equipment is regularly kept clean, maintained & serviced.
- Maintain a clean and tidy complex and work area, always comply with safe work practices and enforce a culture of safety focused behaviour to ensure safety of all persons on the station.
- Ensure record keeping is accurate, up to date and filed accordingly.

Essential Criteria

- Previous experience in a station leadership role..
- Stock handling & animal husbandry experience, including working with helicopters for mustering purposes.
- Experience with solar & bore water infrastructure and maintenance.
- MC Licence
- Firearms Licence
- Successful applicant will be hardworking, energetic & be able to work as a team.
- High level of written and verbal communication.

Preferable or Willing to Achieve - PPL – H (R44)

An attractive remuneration package for a working couple, with a 5 bedroom, 2 bathroom Manager's House & WiFi. A new Station complex to commence building in 2020. An opportunity for a family looking for a satisfying lifestyle on a large cattle station. No school available.

Start Date: October 2019 or by negotiation
