

Livestock Manager  
Smithfield Cattle Company – Sapphire Feedlot

A position exists for a highly motivated and progressive person to join the management team of Sapphire Feedlot which is being expanded from 6,000 to 15,000 head and with approvals to 20,000 head. The feedlot is situated 32km east of Goondiwindi. The successful applicant will have experience within a feedlot environment, who is a natural leader and can maintain a high performing livestock team.

You will share our commitment to the health and welfare of our people and animals, and have an uncompromising approach to working safely and ensuring quality results.

The successful applicant will be responsible for:

- Reporting to management
- Supervision and training of the livestock team
- Record keeping and QA procedures
- Cattle intake, inductions and exit
- Animal health & welfare

A salary package based on experience and potential will be negotiated with the successful applicant.

Expression of interest should be forwarded to:

Andrew Shearer-Smith

Ph: 0439 689 146
