

## **QUALITY ASSURANCE MANAGER GINGIN ABATTOIR, WESTERN AUSTRALIA**

We are seeking a motivated and driven Quality Assurance Manager for a small stock export processing plant in Gingin, Western Australia (93km North of Perth).

Reporting to the General Manager, you will be responsible leading a team and managing implementation of quality assurance systems.

### **THE ROLE**

- Lead, mentor and provide ongoing development to the QA team.
- Direct and train the production staff regarding quality and compliance matters.
- Ensure quality control procedures are achieved.
- Development and verification of plant hygiene manual and sanitation standard operating procedures.
- Establishing and building relationships with suppliers and customers.

### **QUALIFICATIONS**

To be considered for this role you will ideally be able to demonstrate a minimum of 5 years experience working in a large/medium-scale abattoir and packaging operations.

You must have the requisite AusMeat, MSQA, HACCP accreditations and meat export experience.

You lead by example, providing direction and delegating always with a solution focus. You must have excellent organisational and communication skills and thrive working in the diverse environment that is part and parcel of a full small stock export production process.

### **THE OFFER**

An attractive remuneration package is being offered, suitably reflecting your level of experience and qualifications. Packages up to \$115,000 plus superannuation offered.

### **TO APPLY**

Please send applications to [paula@tangconsulting.com.au](mailto:paula@tangconsulting.com.au). Applications close 5pm 29 November 2019.
