

Cattle Station Mechanic

We have a position available for a qualified mechanic for immediate start.

The position is based on a cattle Station in the East Pilbara, Western Australia.

Experience with light vehicles, trucks, loaders, graders and Roadtrains is preferable, with some on the job training available.

Most of your work will be performed in the station workshop, but on occasions you will be required to use a station vehicle to attend to machinery out in the paddock.

We have an extensive workshop, which also boasts a vehicle hoist and pit.

The successful applicant must have experience, must be self-motivated, be neat and tidy, think for themselves and be a happy and outgoing person.

This position is suitable for a single person or a couple. There may be work for a partner, depending on their Experience, Capabilities and Qualifications.

We provide all Meals and Accommodation and pay an attractive Day Rate.

We have a very strict NO Pet Policy.
