

QUALITY ASSURANCE MANAGER

GINGIN ABATTOIR, WESTERN AUSTRALIA

We are seeking a motivated and driven Quality Assurance Manager for a small stock export processing plant in Gingin, Western Australia, an hour from Perth CBD.

Reporting to the General Manager, you will be responsible leading a team and managing implementation of quality assurance and systems.

THE ROLE

- Lead, mentor and provide ongoing development to the QA team.
- Direct and train the production staff regarding quality and compliance matters.
- Ensure quality control procedures are achieved.
- Development and verification of plant hygiene manual and sanitation standard operating procedures.
- Establishing and building relationships with suppliers and customers.

QUALIFICATIONS

To be considered for this role you will ideally be able to demonstrate a minimum of 5 years' experience working in a large/medium-scale abattoir and packaging operations.

You must have the requisite AusMeat, MSQA, HACCP accreditations and meat export experience.

You lead by example, providing direction and delegating always with a solution focus. You must have excellent organisational and communication skills and thrive working in the diverse environment that is part and parcel of a full small stock production process.

THE OFFER

An attractive remuneration package is being offered, suitably reflecting your level of experience and qualifications. Relocation costs and accommodation in Perth included. Packages up to \$120,000 plus superannuation offered.
