

**LOCATION:** Central Australia

**PROPERTY:** Numery Station (Ambalindum Aggregation)

**HERD:** Predominately Santa/ Droughtmaster X herd

**PRODUCTION TYPE:** Certified Organic Breeding, Backgrounding and Fattening

Hewitt Cattle Australia (HCA) is a progressive, innovative and expanding large- scale livestock enterprise recognised for employing best management practice across its operations. The company has over 40 years' experience in successfully owning and operating grazing assets throughout Queensland, Central Australia and New South Wales.

HCA presents an exciting opportunity for an individual seeking a career in a challenging yet rewarding environment, working amongst a highly professional, industry leading management team. The role will be based at Numery Station, overseeing the everyday operations of Numery and reporting directly to the Ambalindum Aggregation manager.

Ambalindum and Numery Station are nestled amongst the East Macdonald ranges and are recognised in the region for reliable rainfall and prolific buffel grass coverage and strong soils, spanning across an area of 1.3 million acres. Being in Central Australia, the aggregation has access to all three key Australian beef markets (Slaughter, Store and Live Export).

#### THE SUCCESSFUL APPLICANT WILL:

- Possess a sound knowledge of bores (including both mono pumps and solar)
- A demonstrated ability to work both autonomously and as part of a team
- Effectively implement work plans
- Oversee contractors and station team intermittently
- Have a strong work ethic and flexibility to adapt to rapidly changing priorities.
- Exhibit a high standard of personal presentation.

This is a great opportunity for a young couple looking to further their career or an established couple seeking their next challenge. If you are confident in your ability to deliver on operational requirements at the property level and have high standards you will enjoy being part of the HCA team.
