

JOB TITLE:

Farm and Livestock Manager

JOB TYPE

Full Time

Start Date: ASAP

**Probation period of 3 months*

OUR BUSINESS

We are a family run business and together we own 4 properties that cover a combined area of 350,00 acres and run around 20,000 dorper breeding ewes.

The properties within the business are Denian, Overnewton, Hazel-dell and Coolaminyah.

We have recently purchased Tintinallogy station, which is another 315,000 acres 70km north east of Menindee, and require a full time manager. This is a property that currently runs predominantly merino sheep, but also has bore goats and a small dorper sheep enterprise. As time progresses we plan to turn it into a full dorper sheep operation with the possibility of leaving some bore goats. There is currently one station hand living on the property at Teryawynia station who has been part of the station for 6 years and knows the properties well. The successful manager would work closely with the station hand to learn the ins and outs but would predominantly call the shots when the supervisors are not attending.

We currently employ 6 other permanent workers within the business, whom reside at the other properties.

LOCATION:

Tintinallogy Station Menindee NSW 2879

Majority of the time will be spent here, but you also maybe required helping out on the other properties if something arises.

Mail twice a week.

School available via correspondence through Broken Hill School of The Air.

SUPERVISOR / MANAGERS:

Jack & Hollie Palmer (Denian) Bill & Shirralee Palmer (Hazel-dell) Philip & Trish Palmer (Overnewton)
