

## FEEDLOT FEED OPERATOR

A family owned and operating business located in the beautiful south west of Western Australia. 2.5hrs south of Perth Paradise Beef operate a 2000 head licenced feedlot along with other services assisting the agricultural industry which requires customer interaction.

10 years ago we set up our feedlot business from scratch with only 1 full time employee, we now have 3 full time and 1 part time on the field, not including office staff and owners. Each year we continue to grow and would like to provide the opportunity for a feed mill operator to join our team. This position is 5 and half days a week with alternating Saturday and Sunday feeding rosters.

### Feed Operation Duties

- Daily feed preparation and discharging
- Accurate data entry and record keeping
- General care of feed mill plant, equipment and machines
- Assistance with stock handling
- Assistance with various other duties as required.

### Skills/ Experience

- Preferably previous experience in feed milling / nutrition
- Confidence and care in various loaders and tractor operations with towing capability
- Fundamental understanding of Animal Nutrition and cattle well being
- Commodity stock management and ordering
- Livestock handling
- Desire for long term employment
- Forklift licence / experience
- Ability to use initiative and support colleagues
- Ability to work as a team and self motivated
- Customer interaction and servicing / care for appearance
- Current drivers licence

Competitive Remuneration for the right candidate and level of experience.

Applications Close 31<sup>st</sup> March 2020
