

Induction / Cattle Processing

Rangers Valley Feedlot, on the Northern Tablelands of NSW, specialises in the production of high quality longfed beef. The operation combines a 33,000 head cattle feedlot which is currently expanding to 40,000 head as well as backgrounding and farming operations.

This is a unique opportunity to be part of a premium beef business with a strong continuing growth strategy.

A position has become available within the Induction / Cattle Processing Crew, reporting to the Cattle Processing Manager. This position is full time on a 5 day on – 2 day off roster.

In this position your responsibilities will include, but are not limited to; Administration of animal health treatments, cattle handling (on foot), processing cattle, cleaning and maintenance of water troughs, maintenance of accurate computer records, quality control and compliance with WHS regulations.

Will suit a person interested in intensive cattle production.

Successful applicants will be motivated self-starters, be able to work within a team environment with a good work ethic and have the ability to work under instruction.

Experience is an advantage, but a positive attitude is essential.
