

WESTCHESTER

from nuveen

MANAGEMENT ROLE

- Based in Wagga Wagga, Regional NSW
- Agricultural Asset Management Company
- Financial, Legal and/or Commercial experience
- Corporate Governance responsibilities

Westchester Group of Australia (WGA) manages the investment and asset management activities in Australia for its US based parent company (which is owned by TIAA). TIAA is one of the largest global institutional investors in Agriculture, with a portfolio of over 500 assets in North America, South America, Europe, Australia and New Zealand.

WGA is seeking expressions of interest from suitably qualified candidates for a management position based in Wagga Wagga (southern, NSW). This role would be responsible for the management of either all or part of the support functions within the business in Australia.

As a proven leader you will provide a level of corporate governance for the business and be responsible for the implementation of operational plans, whilst managing the workflow associated with a large and growing portfolio. We are looking for candidates with strengths in legal, compliance, finance and/or accounting. Ideally the successful candidate would be commercially and analytically minded, with an appreciation of general business management and farming enterprises.

Relevant tertiary qualifications in business, finance, accounting or law would be expected as a minimum, and previous experience in compliance and/or company directorship responsibilities could be viewed advantageously. This role will require someone with a sophisticated and diverse business background, with a broad range of business/investment disciplines, and who is attuned to effective communication and with a risk management mindset.

An agricultural, agribusiness and/or funds management background would be beneficial, but not essential. Candidates who have been admitted to practice Law and/or have CPA/CA qualifications could also be viewed advantageously.

If you have an interest in this role and an understanding/appreciation of the demands of working for a large global institution whilst benefiting from the balance of working in a small regional based team (in Wagga Wagga), then we encourage you to submit your resume and a letter of application outlining the reasons for your interest.

We look forward to hearing from interested candidates who have a desire to live regionally whilst being part of a long-term global growth story in agricultural asset and investment management.

Please email your resume and cover letter to the HR Department: HR@wgimglobal.com.au

“Expressions of Interest” close 22 April 2020
