

GENERAL MANAGER

- Pioneering, innovative, integrated and high-end beef
- Management and understanding of Wagyu genetics and breeding
- Highly attractive remuneration, including accommodation

Company

Our client is an acknowledged innovative forward-looking integrated producer, processor and marketer of high-quality beef products for domestic consumption and for export. The company is establishing a world class beef operation in the Pilbara and Kimberley regions of Northern Western Australia by breeding and raising cattle with superior genetics and developing supplementary feeding programs involving irrigated cropping of tropical pastures and maize.

Role

A vacancy has arisen for a General Manager to lead an operational team located in the Pilbara and Kimberley regions. The position reports to the CEO and will be responsible for steering the company's pastoral, livestock and irrigation business units to meet strategic objectives and achieve revenue targets.

Responsibilities

- Overall leadership and management of the Northern
- Operations Undertake effective management of operational matters and advise the Senior Executive
- Lead the company's expansion in line with the Strategic Plan to ensure a sustainable and profitable business
- Steer the team to ensure a successful breeding program and develop production capacity
- Manage and support R&D activity around feed, genetics and quality

Requirements

- Strong people management skills and demonstrated ability to lead and manage multi-disciplinary teams
- Business analysis and regular reporting to the Executive Management team
- Demonstrated ability to manage an efficient integrated data driven business using current software solutions
- The ability to develop and implement strategic plans and build an outcome focused culture
- Superior interpersonal and communication skills
- Strong skills in budget and financial reporting to management
- Confidence in employing technology to drive innovation
- Tertiary qualifications in agricultural science or a related field would be highly regarded.

Remuneration & Location

An attractive remuneration package commensurate with experience will be negotiated with the successful candidate and will include housing and full keep. The role is located on the Station 1.5-hour drive east of Port Hedland.
